

## THE COURTS.

## Supreme Court Decision in the Lataillade-Orena Suit.

## Judgment of the Lower Court in the Case Reversed.

## The Elisette-Samsonet Breach of Promise Suit.

## Trial Commenced Before Judge McKinley—The Plaintiff's Story—Other Witnesses Examined—General Court Notes.

The decision of the Supreme Court in the case of C. E. Lataillade (appellant) vs. Gaspar Orena (respondent), reversing the judgment therein, and remanding the cause with directions to the court below to overrule the demurrer, was received from headquarters yesterday by Deputy Clerk Ashmore for filing in this city.

The facts of the case, which is an action to obtain an accounting, are briefly as follows:

On April 12, 1849, Cesarjo Lataillade, plaintiff's father, died intestate at Santa Barbara, leaving a widow and three minor children. After his marriage to plaintiff's mother, decedent purchased two ranchos in Santa Barbara county, and paid for them with his own funds, but at his request the conveyances were executed to his wife as grantee, and were accepted by her for the benefit of her husband, and thereafter the ranchos were owned and possessed as their community property. At the time of his death decedent also owned a large number of cattle grazing upon the ranchos. For several years prior to 1849 defendant had the care and management of the ranchos and cattle as agent of decedent, and afterward, with the consent of the plaintiff's mother, continued to do so until the property was sold and disposed of.

In 1854 defendant married plaintiff's mother, and until July, 1885, plaintiff continuously lived in defendant's family and was brought up and treated as his own child. In the same year defendant was duly appointed the guardian of plaintiff's person and estate, and continued to act as such until the latter became of age.

From time to time, after April, 1849, defendant sold all of the cattle, and in 1868 negotiated a sale of the ranches for \$27,000 and induced plaintiff's mother to execute deeds thereof to the purchasers and to permit him to receive the entire purchase money.

The defendant received all the money paid for the cattle and ranches, and mingling the same with his own funds, wrongfully and fraudulently converted the same to his own use, with intent to deprive plaintiff of his lawful share thereof. He had always concealed the fact from plaintiff that the land and cattle had belonged to his father, and had represented to him that his father died insolvent. Furthermore, defendant did not include any of this property in his inventory of the estate of his ward when appointed as his guardian.

The appeal is from a judgment entered against plaintiff after a demurrer to his third amended complaint had been sustained.

**BREACH OF PROMISE SUIT.**  
The trial of the case of Jeanne Elisette against Miguel Samsonet, an action to recover damages in the sum of \$10,000 for an alleged breach of promise of marriage, was commenced before Judge McKinley and a jury in Department Six yesterday, Messrs. N. C. Bledsoe and F. L. Binford appearing for the plaintiff, and F. H. Howard, Esq., representing the defendant.

The work of securing a jury occupied most of the morning session, the following being finally selected and sworn to try the case: S. A. Ayers, E. F. Badger, James Booth, W. S. Buchanan, S. P. C. W. Chase, E. W. Clapp, C. W. Ferguson, G. W. Glover, F. W. Greene, J. H. Hege and S. I. Mays.

The plaintiff, a prepossessing French brunette, alleged that on April 27, 1890, defendant, a Basque, promised to marry her on November 5 following; and on the strength of his promise gained her confidence and on October 24 of that year seduced her. He told her that they were just the same as married, that they had pledged their love and in the sight of God and the law they were free to act as man and wife.

She accordingly purchased her trousseau and made all her arrangements for the wedding, but when the eventful day arrived the bridegroom came not, and her pride, her health and feelings were thereby injured to the extent of the sum claimed.

A number of witnesses were examined to substantiate her claim and a very strong case was presented for the plaintiff.

The defendant then took the stand and after admitting the promise and the intimacy, attempted to show that the plaintiff had seduced him and not he. He stated that on the day set for the wedding he was not in a proper physical condition to enter into the marital relation, and that plaintiff knew of this. It was then mutually agreed to postpone the marriage. He further stated that he was now willing and anxious to fulfill his promise, but that plaintiff refused to have anything more to do with him.

He was still upon the stand for cross examination when court adjourned for the day. The trial will be resumed this morning.

**"LEWIS THE LIGHT" CHILD.**  
In Department One yesterday the contest over the appointment of a guardian for Calla Lily Greenslade occupied the attention of Judge Smith almost all day. Waldo M. York, Esq., appearing for the petitioner, and W. A. Cheney, Esq., for the respondent.

A number of witnesses were examined to show that the child's father, Lewis B. Greenslade, alias Lewis the Light, was a religious crank and not a fit person to have the custody of the young girl. Greenslade himself then took the stand and made a long statement about his doctrines and his reasons for contesting the application of Mrs. Watson for the appointment of a guardian for his daughter.

After patiently hearing both sides, Judge Smith reviewed the case at some length and finally granted the application, appointing Mrs. M. A. Shinkwin as the child's guardian.

**Court Notes.**  
In the United States District Court yesterday morning, the libel case of Henry Crook against the steamship Katie O'Neil was called by Judge Ross, but by consent of the parties thereto the matter was continued until January 28 next.

Upon motion of the United States Attorney the case against Henry Garland, under indictment in the United States District Court for timber cutting, was yesterday dismissed by Judge Ross and the defendant discharged.

Upon motion of defendant's counsel, Judge Smith yesterday granted an

Sing, the Chinaman recently convicted of perjury, until November 16 in which to prepare his bill of exceptions upon a motion for a new trial on appeal to the Supreme Court.

In Department Three yesterday the trial of the case of Mrs. Frances E. McDowell against Constable Clement and John Roberts, a suit on claim and delivery of personal property, was resumed before Judge Wade, who, after hearing the testimony of several witnesses for the defense, continued the matter until Monday afternoon next.

In Department Four yesterday the case of P. K. Hickey against Robert Kern, a suit on a note, came up for trial before Judge Van Dyke, but after the introduction of the documents and the matter was continued for hearing until 9:30 o'clock this morning.

The trial of the Shaw divorce case was resumed before Judge Van Dyke in Department Four yesterday morning, but after hearing the testimony of two witnesses, D. M. McDonald and T. S. Shaw, the court continued the matter until this morning.

The trial of the case of the New Zealand Insurance Company against George Bradbeer, its former agent and local manager, to recover the sum of \$1,600 alleged to have been collected by him and not accounted for, was resumed before Judge Van Dyke yesterday, the defendant being upon the stand almost all of the afternoon session. It was not concluded, however, but went over until Tuesday.

In Department Five yesterday the case of S. Nicoletti against F. P. Frosch, a suit to recover the sum of \$500 alleged to be due on a promissory note, assigned to plaintiff by Paulina Calori, came up for hearing before Judge Shaw, who ordered judgment for plaintiff.

Judge Shaw yesterday granted the plaintiff in the case of G. W. Daw vs. J. B. Niles, thirty days time within which to prepare and file his statement on a motion for a new trial therein.

The trial of the case of the Abstract Title and Insurance Company against M. F. O'Dea and others, a suit to recover the sum of \$75 alleged to be due for a certificate of title, appealed from the judgment of Justice Austin, rendered on June 13 last, was commenced before Judge Shaw in Department Five yesterday afternoon, but went over until this morning.

**New Suits.**  
Among the documents filed with the County Clerk yesterday were the preliminary papers in the following new cases:

Crane Company vs. L. H. Bixby et al.; suit to foreclose a mortgage for \$1,840.90.

O. H. Churchill vs. Maria Angel et al.; suit to foreclose a mortgage for \$3,000.

California Bank vs. W. N. Monroe; suit to recover \$4,000, alleged to be due on two notes.

Charles H. Curtis vs. M. H. Sherman et al.; suit on claim and delivery to recover possession of two black mares, valued at \$305, or for the value thereof and \$500 damages.

**TAKING IN THE CITY.**  
A San Francisco Railroad Man Enjoyed Himself.

When San Francisco railroad boys, and especially passenger agents, who are becoming more notorious than the average commercial drummer, visit the metropolis of the South they turn themselves loose and enjoy life after the most improved fashion.

At present one of these gentry is in the city, and during the past twenty-four hours he has upset more than one happy household.

He is both handsome and bright and has a tongue in his head that can wag at both ends and in the middle all at the same sitting. He once lived here and held down the passenger business for one of the biggest railroads in the United States and during his residence in this city he became very much attached to a well-known citizen's wife.

At least it is supposed that he did, for the fair one was often seen in his company, and the flirtation, or what ever it was, ended in a divorce. For a few days the two were not seen together, but the divorced hubby was soon forgotten and the pair were again on the best of terms.

Up to the time when the said good-looking railroad man left for the North. His friends claimed that he was anxious to get away from the fair one so that she and her ex-husband might make up and try matrimony once more.

What success they made is not known, but it is too bad that he returned to this city the other day for the fair one was again seen in his presence yesterday. They spent the afternoon driving around in a hack with the blinds down and the passenger man's friends stood on the sidewalk and looked sad, for they now fear he has not reformed.

**Columbus Buggies.**  
Thirty-five more of these celebrated vehicles consisting of surreys, phaetons, carriages and buggies, were received.

**Old People.**  
J. V. S. is the only Sarsaparilla that old or feeble people should take, as the mineral

polish which is in every old Sarsaparilla that we know of, is under certain conditions known to be emaciating. J. V. S. on the contrary is purely vegetable and stimulates digestion and creates new blood, the very thing for old delicate or broken down people. It builds them up and prolongs their lives. A case in point:

Mrs. Belden an estimable and elderly lady of 60 years of age, was for months declining rapidly as to seriously alarm her family. It got so bad that she was finally confined to a bed. She writes: "While in that dangerous condition I saw some of the testimonials concerning J. V. S. and sent for a bottle. That marked the turning point. I regained my lost flesh and strength and have not felt so well in years." That was two years ago and Mrs. Belden is well and hearty today, and still taking J. V. S.

## CHRYSANTHEMUM FAIR.

Special Features of Last Evening's Entertainment.

Songs and Musical Selections by the Youthful Prodigies.

The Baldwin Children and Schone-mans Capture the Audience.

Recitation by Pearl Gleason—A Bou-quet of Maidens—A Matinee for the Children Today—Fair Notes.

The entertainment given last evening at the chrysanthemum fair was alone worth the price of admission. Half a dozen of the talented little musical prodigies, of which Los Angeles boasts not a few, fascinated an audience of over 2,000 people with their songs and musical selections. Miss Pearl Gleason who from the time when a tiny little miss, she made her first bow before the public here, has been a warm favorite, recited "The Polish Boy," by way of variation from the otherwise exclusively musical programme, with much dramatic finish. She was encored and responded with a selection in the negro dialect—an old mammy crooning her baby to sleep—which called forth loud applause.

The Baldwin children completely captivated the audience with their charming songs in costume. In the first one, "The Garland Gatherers," they appeared in rose-pink, grass-green and sky-blue gowns, garlanded with flowers. Their perfect articulation, apt gestures and expressive features are simply fetching. They sang "The Three Kittens" as an encore, in a style that was bewitching, and when they appeared as a bouquet of California poppies, in yellow costumes, standing on green stems of legs, with green wings for leaves, a burst of tumultuous applause arose from every part of the house. These little folks have real talent in this line, which almost amounts to genius.

The Shoneman trio, consisting of Katie, Harry and Charley Shoneman, have a decided gift for instrumental music, the little girl playing on the zither and her two brothers on violins. They are self-taught, the eldest boy acting as leader, and the other one has earned for himself the sobriquet of "Professor" among his friends, because his face assumes such a serious look when he begins to play. The little folks delighted their listeners last night with their clever performance on their musical instruments. Every number was vociferously encored by the pleased audience, and in fact the children captured the laurels of the evening.

**TODAY'S MATINEE.**  
Today the school children will be admitted to the fair from 2 to 4 p.m. for 10 cents, and a concert has been arranged for the pleasure of the little folks and their elders, to be given by the Texas Parlor Quartette, which for an hour will entertain the visitors with fine selections on wind instruments. The following programme will be rendered:

Overture, "Calypso of Bagdad" (Bodel-dieu).  
Grand fantasia, "The Favorite," cornet solo (Hartman)—Miss Alice Rick.  
Scotch medley (Damaro).  
Grand fantasia, "The Vacant Chair," baritone solo (Rollinson)—Miss Martha Rick.  
Serenade (Gib).  
Xylophone solo, "Carnival of Venice" (Rignold)—Miss Martha Rick.  
Fantasia, "Kuller's Tale" (Lacome).  
Thema con var. (Parlow).

**BOUQUET OF MAIDENS.**  
The ice cream booth was reinforced last night by a coterie of charming maidens in lovely white gowns; Misses Kaie Chaffee, Florence Silent, Zaidie Maxwell, Marguerite and Rowena Moore, Bessie Bousall and Mabel Garnsey. They flitted about the table deftly serving ice cold cream, or bouillon hot, to the hosts of customers who flocked to the booth, evidently regarding it a privilege to be served by such a corps of sweet young girls.

The flower booth near the central pagoda, where corsage bouquets of exquisite roses and a variety of choice blossoms are on sale, is a dainty smile-draped structure. Last evening Mrs. W. Reynolds, Miss Knapp and the Misses Holcomb, all in pretty costumes, were in attendance. All the flowers were freshly cut, as a lady from Arizona visited the booth yesterday afternoon and bought the entire lot to take with her across the desert.

One of the pleasing features of the fair has been the excellent music furnished by Bartlett's band of thirty pieces. Their selections have been exceptionally well chosen, and many expressions of appreciation are heard on all sides.

**FAIR NOTES.**  
Miss Dodsworth is a constant attendant. Miss Wright of Riverside is enjoying the fair.

Prof. Willhartz appreciated the children's music.

Rev. W. A. Knight was among the visitors last night.

W. B. Herriott paid his first visit to the fair last night.

Miss Ella McCarthy of San Francisco is an admiring visitor.

D. L. Durke wandered through the labyrinth of chrysanthemums.

Mrs. Arnold and Miss Miltimore made the soda water "fizz" last night.

Judge and Mrs. Widney, Dr. and Mrs. M. H. Williams are never absent.

Judge and Mrs. Silent, and Gen. Bon-ton admired the chrysanthemums last night.

Dr. Bullard of Anaheim enjoyed a cup of bouillon yesterday afternoon at the ice-cream booth.

The Yum-yums were out in full force and the tables in the pretty Japanese T garden were many times filled.

The busy housewife who has spent the day at the fair can buy a delicious cake for tea at the cream booth.

Dr. and Mrs. Baldwin, Mr. and Mrs. C. L. Forrester, D. G. Stephens and the Misses Wether joined the throng last evening.

Mr. and Mrs. W. S. Moore, Maj. and Mrs. W. H. Bousall, Mrs. von Schmidt, Mrs. and Mrs. J. J. Mellus were among last night's visitors.

Maj. Bonebrake surveyed the chrysanthemums and the passing throng from the ice cream stand last night, sipping bouillon meanwhile.

Mrs. Emma Smith, Misses Rose and Ollie Harrison, Miss Pieper and Miss Shaffer sold all sorts of pretty trifles at the fancy-work booth last night.

Mr. and Mrs. Morrison, the Misses Crow, Miss Etta Smith, Charles Dods-worth, Miss Margaret Hutton, Mr. Horton and Miss Maynard mingled with the throng.

William Morgan and daughter, Dr. and Mrs. Wade, Mr. and Mrs. R. T. Nelson, C. H. Bradley, Mrs. W. S. Boyd and E. Torrey enjoyed the children's entertainment in the auditorium.

The children from the Orphans' Home

will be admitted to the fair between the hours of 10 and 12 o'clock this morning. The regular children's matinee is from 2 to 4 o'clock in the afternoon.

The judges have completed their work, and the award of premiums will be announced the last night of the fair. The difficult task devolved upon Dr. Stevenson, Judge S. C. Hubbell and Mrs. E. R. Smith.

Mrs. J. E. Murray, in a black lace gown, Miss Mae Forrester in a crimson evening dress, and Miss Bertha Wood-ward in gas-light green, under the pink canopy of the confectionery booth, last night made a charming appearance and sold sweets enough to stock a candy shop.

**Death of Sparks Johnson.**

Sparks Johnson, eldest son of Gen. E. P. Johnson, died at the family residence on South Hope street, last evening, after a lingering illness, aged 28 years.

Six months ago Mr. Johnson was attacked with typhoid fever, since which time he has been confined to his bed. Some weeks ago an operation was performed, and for a time it was thought he would recover, but he was too weak to rally from the shock. The funeral will take place from the residence tomorrow afternoon. Mr. Johnson was a whole-souled, genial gentleman, and had many friends in this city, who will regret to hear of his death.

**MUNICIPAL MATTERS.**

**City Taxes Delinquent Monday Afternoon at 5 O'clock.**

**Special Meeting of the Council This Morning to Consider an Extension of Time—Board of Public Works.**

According to law, all city taxes unpaid by 5 o'clock Monday afternoon are delinquent, and the usual penalty attaches. Although this fact has been regularly advertised, a great many people have overlooked the matter, while others have been misled by the postal cards sent out by the County Tax Collector. County and State taxes are not delinquent until November 30, one month later than the date fixed by the Council when city taxes shall become delinquent, and this has had a confusing tendency.

Yesterday afternoon, after the meeting of the Board of Public Works, the matter came up for discussion. It was discovered that all the Councilmen were in favor of extending the time, if it could be done legally. The City Attorney was called in, and in his statement that there was nothing to prevent this action, if the Council was so disposed, a call for a special meeting this morning at 10 o'clock was drawn up and filed with the City Clerk, when a session will be held for considering the question. It is more than probable that the extension of time will be given.

**PUBLIC WORKS.**

The regular weekly meeting of the Board of Public Works was held yesterday afternoon, when the following formal report was adopted for submission to the Council Monday:

On the petition from R. B. Russell et al. and petition from John Sutcliffe asking that Fifth street, between the east line of Main street and the west line of San Pedro street, be graded and paved with bituminous lime rock, and porphyry base, and granite gutters, as per specifications No. 17, also that a trench sewer be laid on the same portion of said Fifth street, all to be done under the provisions of part 4 of the general street law, we recommend that petition be granted, and the City Engineer instructed to make estimate of cost, and present ordinance of intention if said estimate is within the requirements of the law.

In the matter of proposals for graveling the twenty-foot strip of Centre avenue, we recommend the acceptance of the bid of Frank Chinnworth to do said work for the sum of \$8,000.

In the matter of the ordinance presented by the City Attorney and referred to us relating to sweeping rubbish into paved streets, we beg to report that the passage of said ordinance is unnecessary, as the ordinance is in force, and we recommend that it be rescinded.

We recommend that the Chief of Police and Street Superintendent enforce a strict compliance with said Ordinance No. 17.

In the matter of the amended ordinance referred to us granting a franchise to A. P. Crocker, we recommend that said franchise be placed on its passage when said Crocker furnishes a properly executed bond binding him and his assigns to build and properly equip the streetcar.

In the matter of Mr. Summerland's motion to have an ordinance of intention presented for the construction of a cement sidewalk on the north side of San Pedro street, between Philadelphia and Castelar streets, we recommend the same, and that cement walk be made six feet wide.

The draft of a form of advertisement for bids for street sprinkling was also drawn up, and will be presented in the Council Monday.

After the regular business of the board had been disposed of Receiver Crank and Superintendent Aiken of the cable road appeared, and were given a hearing. These gentlemen had been summoned by the board to explain why means had not been adopted by the company to reduce the rate of speed, in view of the fact that the cable road had been revived by the recent accident at First and Spring streets, which had almost resulted fatally. One gentleman explained in detail why it was impracticable to reduce the speed in rounding curves, and stating that the great danger in so doing was stranding the cable, and furthermore, that unless tightly held, it wore out the grip, and there was danger of the cars running away and becoming unmanageable. The gentlemen stated that they were desirous of doing everything in their power to add to the safety and comfort of their patrons, and as soon as any suitable device could be secured it would be put in. In the meantime they would remove the flat rail at the curve and put one with a groove, which would hold the cars rigid and prevent the annoying jerking and jolting. This was satisfactory for the time being, and the gentlemen were excused.

**PARK COMMISSIONERS.**

The Park Commissioners held a short session yesterday afternoon, with a full board present, together with Secretary Howard and Supt. Tomlinson. Bids for the construction of a propagating house in the East Side Park were opened and taken under advisement, and a number of bills were audited. No business of public interest was transacted.

**FURNISHING CONTRACT.**

The ordinance passed by the Board of Health Friday night, regulating plumbing, was finally amended by making the Building Inspector also the Plumbing Inspector. The ordinance goes into effect on the 1st of January next.

**Bearing Orange Groves.**

We have just placed upon the market the famous Baldrige orchard of 30 acres in tents and twenties. This property is situated at Covina and is in a peach bearing grove of its age in the State. If you can appreciate a perfect orange orchard, call and we will show you the trees set solid and all Washington Navela. Trees set solid and all Washington Navela. Edward D. ## THE SAN DIEGO UNION,

ESTABLISHED 1859.

Has opened a new office at 138 South Spring Street, between First and Second Sts., Los Angeles, where advertisements and subscriptions will be received. It would respectfully state to business and professional men, hotel managers and others that the Union is the only morning paper or seven-day paper in San Diego. Its circulation is much larger than that of any other paper in the county. It has the best telegraphic service of any daily in the state outside of San Francisco, its exclusive franchise, including those of the Western Associated Press, the New York Associated Press and the Post-Telegraph and United Press Association. It is a welcome visitor to every home and counting room, and at every fire it is looked upon as a valued friend and an honest adviser. No other city or county on the Pacific coast are so thoroughly covered by the circulation of one newspaper as this city and county is by the Union. The columns of the paper show the earnestness of its purpose, by its extensive thoroughness of its news gathering methods, its carefully written editorial and the columns of its columns whatever is offensive to pure thought, or that might make it objectionable for entering the family circle. Most conclusive evidence of these is only an intelligent and discriminating patronage is the kind sought for.

**The Terminal Road's Big Engine—Fast Time for Rains—General, Local and Personal Railroad Mention.**

One of the new locomotives just received by the Los Angeles Terminal road is of the compound pattern and is said to be the only one of this kind on the Pacific Coast. It is a big engine with three drive wheels on a side, has extension front and straight stack. It has two cylinders on a side, a large and a small one arranged beside a round steam chest in such a way as to look like a group of three cylinders. The steam under high pressure is used in the smaller cylinder under which it passes into the lower one beneath and again does service. As a fuel saver this class of locomotive is said to be a success. A trial of the new engine, which is No. 7, was made 7 days yesterday and it easily shifted long strings of loaded cars on main track and sidings up and down grades. More of the same kind of heavy locomotives will be required by the Terminal before long to handle heavy trains over the divisions where steep grades exist.

**BEWARE OF SLYFOCKS.**

So great has been the complaint from the heads of departments of the Southern Pacific Company that their men were not attending strictly to business because of their financial troubles, that Vice-President C. F. Crocker has issued a circular which is aimed at the money-borrowing practice so prevalent among the subordinates at Fourth and Townsend streets, says the Chronicle.

In this circular it is declared that the practice of borrowing money at usurious rates of interest is prohibited among the company's employees. Mr. Crocker points out the fact that the practice, one which leads to great distress of mind and unfit a man for the performance of his duties in the office. He is convinced that so great has become the system, and so highly injurious to the peace of mind of the subordinates, and so detrimental to the interests of the company, that he can no longer afford to keep in his employ men who permit themselves to become the victims of the note-shavers. He declares that every man in the company's employ who borrows or lends money in the way referred to will be summarily discharged. In conclusion he states that any employee who does not settle all outstanding notes made to the users by December 31, will be dismissed from the service.

**SCHAF HEAR.**

S. B. Hynes, general freight and passenger agent of the Southern California lines of the Santa Fe, returned from New York yesterday afternoon.

It is announced that no less than seven passenger trains will be taken of the Southern California lines of the Santa Fe tomorrow, and several other changes will be made in the schedule.

Travelers will do well to make inquiries of the agents for particular, until the time-card is changed to suit the new schedule.

The San Francisco papers say that the general passenger agent of the Pennsylvania lines is visiting that city, but call him "E. A. Ford." Such is fact!

The first two cars of raisins shipped East from El Cajon, by the Santa Fe, reached Boston in thirteen days. This may be considered good time for through freight.

Some people are wondering what became of those San Diego people who were to have gone to Topeka to petition a change of management, and so forth, of the Santa Fe lines.

General Manager Burnett of the Terminal road expects to put regular train service on the new line to Long Beach a week from tomorrow. The road is in excellent condition, considering it is so new.

Ex-Mayor Workman, a director of the Terminal road and Station Agent Mills of Pasadena, who are making a trip by wagon from Salt Lake City to Barstow, are daily expected to arrive in Los Angeles. They will doubtless have some thrilling experiences to relate.

There is an undelivered telegram at the office of the Postal Telegraph for H. T. Sweet.

H. Clary, a saloon-keeper, was tried by Justice Owens yesterday and convicted of selling liquor on Sunday. He will be sentenced today.

The California Superphosphate Company shipped yesterday from their factory in this city, two tons of their high grade fertilizer to Grand Junction, Col.

Mrs. Freeman, Ted, who was injured by being thrown from her buggy on Broadway several days ago, is improving rapidly, and will soon be able to get about.

The Methodist quarterly meeting will be held in Fields Hall, Redondo Beach, tomorrow. Dr. P. F. Freeman will preach morning and evening at Saturday evening.

Yann Phibbs, who is accused by his sister-in-law of disturbing her peace, was before Justice Owens yesterday and asked for further time to plead. He will be heard today.

The Police Commissioners yesterday investigated the charges against Officer "Reddy." The result of the inquiry will be made public at the meeting of the board Tuesday afternoon.

The funeral of Frank Burkett took place yesterday morning from the residence of Mrs. Burkett at 1214 Broadway. The case will be investigated by the Public Administrator.

There are undelivered telegrams at the office of the Western Union Telegraph Company for W. W. Hollister, Mrs. P. A. Burnham, Samuel Altherton, Mrs. Kitty O'Reilly, W. H. Haddon, Eugene Kincaid.

Yesterday afternoon was the time fixed for the Sheriff to sell the old Carlton saloon, over which the Hunsakers and the "Countess" have had so much trouble, but on motion of the creditors the auction was postponed until today.

A party of enthusiastic members of the Creed Laugher Club left for the San Gabriel Canon yesterday, to cast the last flies of the season. Among them were Judges Clark and Wade, Henry O'Melveny, R. H. F. Varrel, Billy Caldwell and others.

Wah Sing, the Chinaman who is accused of stealing a diamond ring valued at \$50, was before Justice Austin of the Police Court on preliminary examination yesterday afternoon. The case was continued at 5 o'clock until next Monday morning.

Mr. Carl H. C. Westcott, an inimitable whistler who mimics the language of flesh, sin and leather, from the delicate and tender chirp of the katydid to the raucous of the Australian lion, will tonight give the audience specimens of his talents at Hazard's Pavilion.

The Goveille libel suit was again called in Justice Owens' department of the Police Court yesterday, and continued until the 7th of next month. This case grew out of a quarrel between the French editor of the "Lyon" and the "Lyon" editor.

There are now two criminal libel suits before the Police Court that have sprung up since the quarrel started.

The funeral of the late Rev. James H. Pyatt took place from the residence of H. P. Orr, on Buena Vista street, yesterday afternoon, and was largely attended. The services were under the auspices of the Masonic fraternity, of which deceased was a member, who turned out in force, besides a number of friends of the family.

The Ventura Democrat says: "J. Marion Brooks was over from Los Angeles, Sunday. He has instituted negotiations with the building who are interested in the scheme of building a railroad from Ventura to Ojai Valley, to connect them with the main line of the Santa Fe Railroad for depot purposes. Brooks has ground in that section of town adapted to a woman and a child, he is willing to act a liberal part in the matter."

A sad case of destitution was yesterday reported to Humane Officer Wright. The family lives on Maple avenue, and consists of a woman and seven children, the oldest of whom is 13 years of age and the youngest an infant of four months. The mother is sick, and the husband is a drunkard, and will not provide for the family. The benevolent Society has taken the matter in hand, and will provide the immediate necessities.

Several changes will take place in the management of the County Jail today. First Assistant Jailer Frank Carpenter and T. J. Quinn will go out and Frank Benedict and C. W. Akin will take their place. Benedict was a deputy under Sheriff Kays and Akin has been with Sheriff Gibson since he was elected. Mr. Quinn resigned several weeks ago to accept a position with the Santa Fe Railroad Company and Mr. Carpenter will go in business for himself.

Tonight occurs the first concert in the course of the Young Men's Christian Association. It is given by the Euterpean Quartette assisted by the Quintette Club and Miss Mollie Adelia Brown. Next week the educational classes, consisting of Spanish, education, vocal music, bookkeeping, penmanship and mechanical drafting will be commenced. The social entertainment and educational facilities offered by the association during the coming season are very large.

The following Associated Press dispatch was received from San Francisco last night: "D. S. Gulp, chief deputy clerk of the Supreme Court will go to Los Angeles on Monday to assume charge of the office during the session of the court." Just what the dispatch means is not known. Deputy Ashmore was talking some time ago of temporarily changing with one of the San Francisco deputies, and this may be what is meant. The Supreme Court has adjourned for the October term.

## THE POSTAL TELEGRAPH.

The Line Between Los Angeles and San Diego Soon to be Completed.

D. J. Goodbody of San Diego, who has the contract for distributing the poles for the construction of the Pacific Postal Telegraph Company between that city and Los Angeles, is in the city, and states that the line will undoubtedly be completed by the 1st of January. About 6000 poles will be used along the line between the two points, placed about 183 feet apart. Already the poles and wire have been placed and strung from San Diego to Del Mar, a distance of thirty miles, while the poles have been laid from San Diego to the Santa Margarita River, a distance of forty-seven miles. Mr. Goodbody is now distributing the poles along the line from that end of the line toward San Diego as rapidly as possible. About seventy-five men are now at work placing poles and stringing wires, one-half working from each end of the line between the two cities. Unless some unforeseen accident occurs, the beginning of 1892 will witness the completion of a competitive telegraph line between the two cities.

## WELL, I DECLARE!

Wife has made an awful mistake in the purchase of my pants. Instead of "Papa's pants will soon fit Willie," she seems to think Willie's pants will soon fit papa. Now why didn't she go to the London Clothing Co. and buy them? They keep the same salesmen all the time, and they know just what size I wear, and always give one good wearing goods, and if anything turns out wrong they refund the money. I'm real mad, I don't think.

COPYRIGHT, 1899.

## IT IS NOTHING

But patch, patch, patch, all the time. I'm just getting sick and tired of it. The next time I buy a pair of trousers for pap I'll take his advice and go to the London Clothing Co. Pap says that's the only store in town that keeps a good big lot of pants for big men, anyway, and then they have such polite clerks. Guess I'll go down there next week and buy pap an overcoat. I notice they have some "Jim Dandies" in their big show windows and they are strictly one price.

A Condensation of the Encyclopedia Britannica, Chambers's Encyclopedia, etc., with the addition of much original matter treating of AMERICAN SUBJECTS.

Illustrated with eighty full-page colored maps and nearly two thousand engravings.

1891.

## SUMMARY

NEVER before has there been offered to the public a book of reference approaching this in completeness, compactness, or cheapness. It contains 720 pages of encyclopedic information concerning all branches of knowledge, comprising, in a condensed form, stripped of unnecessary verbiage, the very cream of the Encyclopedia Britannica and the latest edition of Chambers's Encyclopedia, with the addition of a great many American subjects found in neither of the larger encyclopedias.

Besides being a comprehensive gazetteer of universal knowledge, it is also a complete Atlas of the World, containing eighty full-page maps. Some idea may be gained of the magnitude of this wonderful work and the vast number of subjects treated of, from the following table:

Number of Pages.	Size of Page.	Total Number of Pages.	Total Number of Words.	Number of Subjects.	Total Length of Columns, Inches.	Number of Words for One Cent.
720	7 3/4 x 10	200,800	1,700,000	18,000	21,600	3,500

If the columns were placed end to end they would reach over one-third of a mile. Just think of 1800 feet of choice reading, compiled from the latest sources, on 18,000 subjects of daily interest to everybody, for a sum per word that requires five figures to express the fraction, and

80 Full-Page Maps, Free.

the whole forming the largest, latest, and most complete Family Cyclopaedia ever produced. The maps are corrected to date and beautifully colored by the publishers' celebrated patent plate process, and distinguished by original and beautiful illustrations. The type is new and clear, the paper good and firm.

The ordinary price of an atlas alone, containing these maps would be at least as much as the retail price of this entire book, of which they form but a single feature.

The volume is issued in two styles: Handsomely bound in cloth, with gold title, and side stamp, \$8.00. Elegantly bound in half Russia, with gold title, and side stamp, \$10.00.

## This Splendid Book,

Indispensable to everybody—the student, the teacher, the scholar, the writer, the business man, and the intelligent citizen—will be sent, together with one year's subscription to the SATURDAY TIMES AND WEEKLY MIRROR, for the unprecedentedly low price of \$3.30! Or, it will be furnished with the Daily Times one year, all for \$12.00.

# A Boon for the Housewife!

## A High-Grade Sewing Machine

AT Manufacturers' Prices

The Saturday Times and Weekly Mirror Premium High-arm

# Sewing Machine!

Half-Cabinet, Five-Drawer, \$60 Machine,

—FOR— \$24.80 —FOR— \$24.80

With copy of the Saturday Times  
and Weekly Mirror One Year.

The manufacturers claim for THE PREMIUM that has been improved and simplified in all its details by the best mechanical talent in America, who, with unlimited resources at their command, have combined only that which is practicable and dispensed with all complicated surroundings generally found in other machines.

It is the simplest machine, having the fewest parts, all strong and with case-hardened bearings. Being free from complication it is easily cared for, never gets out of order, and is always ready to use. The most inexperienced can readily manage it. It has all the modern appliances and conveniences that go to make up the sum of excellences, successfully combining simplicity, durability, speed, strength and beauty, producing a machine unequalled for ease of management and capacity for wide range of work.

## The Premium High-arm

is high-running and noiseless, uses A STRAIGHT, SELF-SETTING NEEDLE, and makes the double-thread "Lock Stitch." It is the perfection of mechanism for hemming, felling, binding, cording, braiding, seaming, tucking, ruffling, gathering, embroidering, hemstitching, quilting, etc. It is adapted to every variety of sewing, from the lightest muslin to the heaviest cloth, and will do a greater range of work than any other machine.

The woodwork is unique and attractive in style, and substantially made from well seasoned and carefully selected material. Its elegant finish and rich trimmings are in good taste, and harmonize with the excellent workmanship of the machine.

For more handsome and ornamental than the ordinary style of woodwork, it is at the same time of equal durability, utility and good finish.

WARRANTY—The usual five-year warranty is given to us by the manufacturers, and we in turn guarantee every machine to give full and entire satisfaction.

## No Risk Whatever.

So great is our confidence and knowledge of the superiority of THE PREMIUM HIGH-ARM, that we further agree with every purchaser to REFUND THE MONEY in case full satisfaction is not given by the machine in every particular after a month's trial.

Tailors, dressmakers, seamstresses, manufacturers of clothing, shirts, skirts, corsets, umbrellas, etc., will find one of the best recommendations is its special adaptation to their wants and range of work.

## The Automatic Tension.

When once properly regulated, will rarely need to be changed, and as a general rule, the whole range of family sewing can be done without any change of tension whatever. This result is obtained by nicely adjusted springs, that will accommodate themselves to the size of thread used.

## Our claims for superiority are as follows:

**A Device**—Whereby the bobbin can be wound without running the machine, saving the unnecessary wear of the machine, and the trouble of unthreading and removing work and attachments while the bobbin is being filled.

**Scale for Regulating**—The length of stitch, which enables the operator to readily ascertain the length of stitch without testing previous to commencing work.

**A Spring-tension Cylinder Shuttle**—Holding a bobbin that carries a large amount of thread. There is but one hole to thread through, making it the most easily threaded shuttle in use. The tension may be changed without removing the shuttle from the machine.

**The Double-Feed**—Extends on both sides of the needle and permits a greater variety of duty—will feed the heaviest and lightest goods with equal precision, and will cross seams and hard places without changing length of stitch or missing stitches.

**Light Running**—On account of the simple mechanical devices employed in its construction, it is the simplest, EASIEST OPERATED, best made and most elegantly constructed machine in the world, combining every requisite to produce perfect work.

Inviting a practical test of this machine, we distinctly claim for it a great superiority in plan, material, workmanship, and in its performance. It is unquestionably the most popular machine now in the market.

## The Outfit:

Each machine is supplied with the following outfit: One Hemmer and Peller (one piece), Twelve Needles, Six Bobbins, One Wrench, One Quilting Gauge, One Screwdriver, Oil Can filled with oil, Cloth Gauge and Thimble, and a book of instructions. The following extra attachments are also furnished free: Ruffer, Ticker, Binder, Set of Wide Hemmers and Shirring Plate.

The book of instructions is profusely illustrated, and answers the purposes of a competent teacher.

Machines are shipped at fast freight unless otherwise ordered; we pay freight to Los Angeles, and purchaser paying from Los Angeles to his home.

Sewing machine agents sell this machine for \$55 and \$60; \$24.80 buys one from us with a year's subscription to the SATURDAY TIMES AND WEEKLY MIRROR in addition. Subscribe with your local agent, or address

One of the Best Premiums ever Offered by any  
Paper in the United States.

The Most Practical! ... The Most Reliable!

Everybody should have a copy of  
"OUR FAMILY PHYSICIAN."

This book contains 644 pages; it is eight and one-half inches long, six inches wide and two inches thick. It is printed on extra heavy paper and is handsomely bound, with embossed cover and gilt-lettered back.

IT IS DIFFERENT FROM ALL OTHER WORKS OF THE KIND EVER PUBLISHED. FIRST—It teaches those who have it how to tell what the matter is when some one gets sick. All similar books tell what to do if you know what the disease is. THIS BOOK TELLS YOU HOW TO RECOGNIZE THE DISEASE, and then what to do for it. No other book published does this.

SECOND—When a person is really attacked by a dangerous disease, it enables you to know the fact, and in such cases it is a "Send for a competent physician at once." In all ordinary cases such as can be cured without a doctor (and most of the ailments in a family, are of this kind, if only you could recognize them.) It gives full directions for treatment. The point is, that it teaches you the difference between a dangerous and a trifling disease, and tells you when it is necessary and when it is not necessary to call a physician. No other book published does this.

THIRD—It gives separately, and for each disease, the methods used by each of the different "schools of medicine," and in all cases the prescriptions are made by the most eminent men in their respective mode of practice. This makes the work specially suited to the needs of every family, no matter what school of medicine they prefer—the Allopathic, Homoeopathic, Hydropathic, Eclectic or Herbal. NO OTHER BOOK PUBLISHED DOES THIS.

We will show you how it does this if you will call and see us. RELIABLE AGENTS WANTED in every school district in Southern California.

## The Premium High-arm

is light-running and noiseless, uses A STRAIGHT, SELF-SETTING NEEDLE, and makes the double-thread "Lock Stitch." It is the perfection of mechanism for hemming, felling, binding, cording, braiding, seaming, tucking, ruffling, gathering, embroidering, hemstitching, quilting, etc.

It is adapted to every variety of sewing, from the lightest muslin to the heaviest cloth, and will do a greater range of work than any other machine.

The woodwork is unique and attractive in style and substantially made from well seasoned and carefully selected material.

Far more handsome and ornamental than the ordinary style of woodwork, it is at the same time of equal durability, utility and good finish.

WARRANTED—The usual five-year warranty is given by the manufacturers, and we in turn guarantee every machine to give full and entire satisfaction.

## No Risk Whatever.

So great is our confidence and knowledge of the superiority of the PREMIUM HIGH-ARM, that we further agree with every purchaser to REFUND THE MONEY in case full satisfaction is not given by the machine in every particular after a month's trial.

Tailors, Dressmakers, Seamstresses, manufacturers of clothing, shirts, skirts, corsets, umbrellas, etc., will find one of its best recommendations is its special adaptation to their wants and range of work.

## The Automatic Tension.

When once properly regulated, will rarely need to be changed, and as a general rule, the whole range of family sewing can be done without any change of tension whatever. This result is obtained by finely adjusted springs, that will accommodate themselves to the size of thread used.

## Our claims for superiority are as follows:

**A Device**—Whereby the bobbin can be wound without running the machine saves the unnecessary wear of the machine and the trouble of unthreading and removing work and attachments while the bobbin is being filled.

**Scale for Regulating**—The length of stitch, which enables the operator to readily ascertain the length of stitch without testing previous to commencing work.

**A Spring-tension Cylinder Shuttle**—Holding a bobbin that carries a large amount of thread. There is but one hole to thread through, making it the most easily threaded shuttle in use. The tension may be changed without removing the shuttle from the machine.

**The Double Feed**—Extends on both sides of the needle and permits a greater variety of work than any other. It has great power and never fails to perform its duty—will feed the heaviest and lightest goods with equal precision, and will cross seams and hard places without changing length of stitch or missing stitches.

**Light Running**—On account of the simple mechanical devices employed in its construction, it runs lighter and with greater speed than any other machine, and is almost noiseless. It is the simplest, EASIEST OPERATED, best made and most elegantly constructed machine in the world, combining every requisite to produce perfect work.

Inviting a practical test of this machine, we distinctly claim for it a great superiority in plan, material, workmanship and in its performance. It is unquestionably the most popular machine now in the market.

## The Outfit:

Each machine is supplied with the following outfit: One Hemmer and Feller (one piece), Twelve Needles, Six Bobbins, One Wrench, One Quilting Gauge, One Screwdriver, Oil Can filled with oil, Cloth Gauge and a Book of Instructions. The following extra attachments are also furnished free: Ruffer, Ticker, Binder, Set of Wide Hemmers and Shirring Plate.

The book of instructions is profusely illustrated, and answers the purposes of a competent teacher.

Machines are shipped as fast freight unless otherwise ordered; we pay freight to Los Angeles, and purchaser pays from Los Angeles to his home.

Sewing machine agents sell this machine for \$25 and \$30; \$34.80 buys one from us with a year's subscription to the SATURDAY TIMES AND WEEKLY MIRROR in addition. Subscribe with your local agent, or address

The Most Practical! ... The Most Reliable!

Everybody should have a copy of  
"OUR FAMILY PHYSICIAN."

This book contains 544 pages; it is eight and one-half inches long, six inches wide and two inches thick. It is printed on extra heavy paper and is handsomely bound, with embossed cover and gilt-lettered back. IT IS DIFFERENT FROM ALL OTHER WORKS OF THE KIND EVER PUBLISHED. FIRST—It teaches those who have it how to tell what the matter is when someone gets sick. All similar books tell what to do if you know what the disease is. THIS BOOK TELLS YOU HOW TO RECOGNIZE THE DISEASE, and then what to do for it. No other book published does this. SECOND—When a person is really attacked by a dangerous disease, it enables you to know the fact, and in such cases their advice is, "Send for a competent physician at once." In all ordinary cases such as can be cured without a doctor (and most of the

ailments in a family, are of this kind, if only you could recognize them), it gives full directions for treatment. The point is, that it teaches you the difference between a dangerous and a trifling disease, and tells you when it is necessary and when it is not necessary to call a physician. No other book published does this. THIRD—It gives separately, and for each disease, the methods used by each of the different "schools of medicine," and in all cases the prescriptions are made by the most eminent men in their respective mode of practice. This makes the work specially suited to the needs of every family, no matter what school of medicine they prefer—the Allopathic, Homoeopathic, Hydropathic, or the Scientific or Herbal. NO OTHER BOOK PUBLISHED DOES THIS.

We will show you how it does this if you will call and see us. RELIABLE AGENTS WANTED in every school district in Southern California.
